This Paypal Kit will work you on how to create a working PayPal account in Nigeria, in
respective of the country you are reading this from

You will get the same result when you follow the instruction revealed on this Paypal Account In
Nigeria, creating a PayPal account that sends and receives money globally

If your country falls among the listed country with PayPal pitfall and limitation of not being able
to receive payment with your country's default PayPal account, don't worry, **this course solves
that**

Today you are going to discover simple techniques you can use to create a working PayPal account, receive funds, money from the global world, and also send money leveraging the online marketplace at ease.

For Example, so now am a Nigeria, but as A Nigeria am not allowed to receive payment using PayPal, a problem this course has resolved

First Why Are Nigerians Not Allowed To Receive Payment Via Paypal

Paypal gave three basic reasons namely

- 1: Poor Nigeria Banking System**
- 2: Poor Nigeria Government Policies**
- 3: High Rate Of Fraud related activities**

Those are the reasons PayPal gave that made then place a pitfall on Paypal Nigeria not being able to receive payment for over 14 Years now and still counting

And before now, this has limited a lot of Nigerians from making cool cash from the international community, these have made so many Nigeria lose thousands to millions of dollars monthly

But with this [PayPal account in Nigeria](#), Video Course and ebook you can bypass the limitation and create a working Paypal account that receives fund worldwide, send and even withdraw the fund right here in Nigeria

Paypal, an American multinational financial inc, that provides an online payment system, remains the number one, in what I will refer to as the best online wallet portal for receiving funds, making payment for goods, products, or services at the global level

But with the pitfall limitations placed on Nigeria and some other countries around the world if you create a PayPal account, not following the secret we have revealed in this course

You will have a limited Paypal account that can only send money, pay for goods, products, or services, but can't receive money. that is the issue, the problem this course has completely solved

HERE'S EXACTLY WHAT YOU GET

At the end of this course, you should be able to create a working Paypal account that receives money, collect fund from any part of the world and many other great features

You know, should you don't. As a Nigerian, the Paypal Nigeria account can only be used to make payment online but you can't use it to receive payment

Not even from Nigeria or ex where around the globe, but with this course, you will create a working PayPal account that can receive money and also send money globally without any issues or stress

So Here You Will be Learning The Following

- 1:** How to create a Paypal Account that receives fund (Money) globally and also send money worldwide
- 2:** A working Paypal account with the complete Paypal features, no limitation of any kind
- 3:** How To Add Your Nigeria OR None Nigeria ATM Card Into your PayPal account for your easy PayPal e-transactions
- 4:** You Can Add Your USD Bank Account To Your Paypal account and Assign Paypal to forward your PayPal fund into your bank account at easy
- 5:** How to sell your PayPal fund, and make more cash in your local currency
- 6:** Understanding Paypal core Interface, operating and managing your PayPal account
- 7:** Conforming Your Paypal Mobile Number and email address
- 8:** Keeping your PayPal account safe and 100% Secure

And many more things you will learn but not disclosed here

Before will end this report, let discuss what PayPal is all about, this is for the benefit of those who are not aware of what we mean by the word Paypal

Whats is PayPal

If you have been online for a while, I understand you know what PayPal is all about, but believe me, there are still those who do not, so this PayPal definition is just for them

Paypal: is an online wallet, an online bank you may put it that way, this is a layman's definition, for wilder understand base on our **Nigeria** audience, we choose to use simple language to define what PayPal is all about so majority of people will easily flow

Paypal: is an online wallet service provider, and the best in the global online marketplace, Paypal provides financial services to the world at larger

Paypal: is registered in the **United States**, and have incorporated in **United Kingdom, Spain, Canada, Luxemburg, Singapore**, and much virtual present in all the countries worldwide, including our *Africa Nigeria*

Paypal is by far the biggest among all online wallet merchant providers, if you are going into online business or you are already into the Online business you need the service of Paypal to effectively make or receive payment for your business products or services

As PayPal remains the safest among all other for receiving fund globally as well making payment for products or services worldwide

But the problem with PayPal today is just the limitation it places on Nigeria as well as few other countries in the world, but no need to be worried

We have figured out the perfect solution to the problem, this is a secret we have been using for the past 7 years and for receiving payment for our services and products worldwide

It has been working and will continue to work, without any issue, just follow the step by step course and you are good to go, you to thank us at the end of this course

Possible after you have created your working **PayPal account**, use it to receive the fund and best send fund worldwide. hope you are with me, so let proceed

You see creating a PayPal count in Nigeria that receive money send money globally is as simple as ABCD, in fact with our step by step video course, and eBook

This is no longer an issue when the online business community is mentioned in **Nigeria, Ghana**, and all other countries that PayPal has placed limitations on.

Requirement For Creating a Working Paypal Account:

1: First you will need a **valid email address**, it can be a Gmail address, yahoo mail address, live email address, etc,

An email address serves as the primary requirement Paypal need to assign your account activities into, the same way a Bank account has a digit number

Here **Paypal** will use your email address as the live account, with the email account people can easily send funds via your PayPal account crediting your email address as well, which you can see live on your PayPal account dashboard

This is to show how important the email address you are using to create your PayPal account is, is not just a common email address, is an email address you most place value on

2: You will need a VISA or Mastercard, Naira Visa or Mastercard all works, it can be A Naira card or USD Card, your normal Naira Card is working perfectly

Though not all banks In Nigeria card works currently with PayPal, so we are also going to give you a list of the current banks whose cards are working live with PayPal at the moment

You need the Card mostly for verifying your PayPal account. The Services would debit a tiny amount of money from your account this is done to confirm if your card and bank account are active and working. this is needed by Paypal to fully verify your account

3: You need to understand the Paypal interface and best how Paypal works, this will have also fully covered on the Paypal account in Nigeria, video course, and ebook, practically on our step by step video course

NEXT Question An Answer is

Can You Receive Funds (Money) With Your Paypal Account In Nigeria

The answer is simple, YES, You can, you can receive funds using PayPal right here in Nigeria for your personal or business purpose.

We have made a complete step by step video on the video course, all you need is to get the course, then watch it, and you are good to go

Understanding Naira, USD, And PayPal

Though Naira is not an official currency currently supported by PayPal, so to receive most of your PayPal fund, you need a USD (Dollar) PayPal account

And it will be much easier for you to have an incorporated business name with CAC, of which other merchants around the world accept Payment via PayPal, you can easily forward your PayPal fund to any of those markets and from their (Your) dashboard you can easily pull your PayPal fund out..., also all transactions on PayPal are currently denominated in USD, **United States Dollar**

Receiving PayPal Via PayPal

As of early 2018, Paypal came with an update informing Nigerians that Nigerians can now receive PayPal but only available to e-commerce merchants with a website portal, the payment is web base, which you need to handly live from your PayPal dashboard as an e-commerce merchant in Nigeria

To avoid all PayPal wahala, we have created simple solutions to all PayPal account issues In Nigeria, all you need is to secure a copy of this course kit, by following the below instructions
